Tæl dyrene og skriv antal

Tæl og skriv opgaverne er gode til at arbejde med finmotorik og at kunne arbejde med at tælle.

Opgaverne kan enten bruges til at arbejde 1:1 med en elev eller, alt efter elevens kognitive funktionsniveau, at eleven arbejder med den selvstændigt.

Alt mit materiale er designet til at være simpelt, intuitivt og uden for mange distraherende elementer.

Der er lavet 6 sæt, med en side, hvor tallene er skrevet og samme side uden tallet er fortrykt. Man kan dermed differentiere alt efter elevernes formåen.

Illustrationer: Alle illustrationer er lavet af mig eller fra pixabay.com

Det skal du bruge:

- Print alle siderne i det antal du skal bruge
- Klip kortene på siderne 15-24, laminér dem og klip dem igen.
- Sorter kortene i farver, så de passer til arbejdsiden i samme farve.

Al kopiering, analogt og digitalt, af dette materiale eller dele deraf er tilladt i henhold til undervisningsinstitutionens aftale med Copydan Tekst & Node. Kopiering, der går ud over begrænsningsreglerne i aftalen med Copydan Tekst & Node, kan alene finde sted efter forudgående aftale med licensgiver.

God arbejdslyst
