

Alfabetplakater

Hermed plakater med alfabetet.

Rammerne er fra "Creative Clips Clipart by Krista Wallden" -

<https://www.teacherspayteachers.com/Store/Krista-Wallden-Creative-Clips>

Billederne er fra pixabay.com. Fonten brugt til bogstaverne er "Gittes trykbogstaver".

Alfabetkortene kan enten lamineres som de er, eller klip dem langs rammen, så de fylder lidt mindre på væggen.

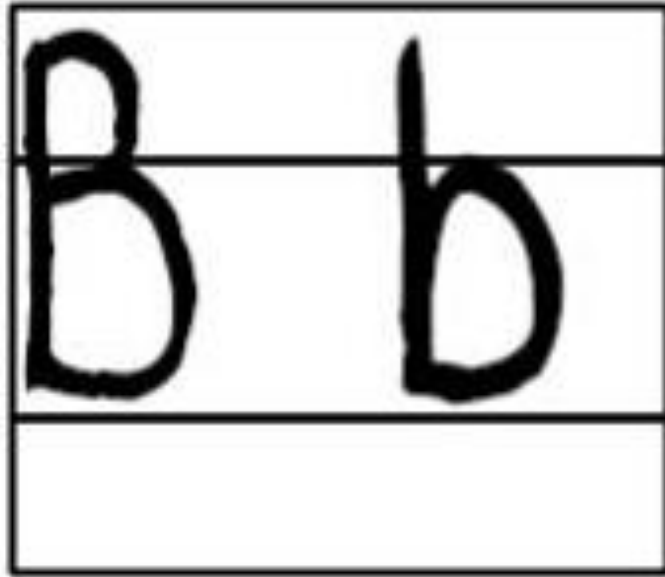

Jeg har en blog, hvor jeg deler materialer – kig forbi <http://indskoling.blogspot.dk/>

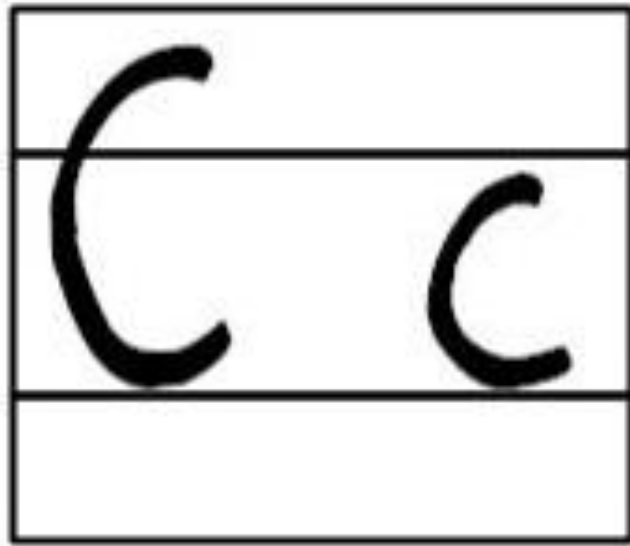

God fornøjelse!

Mvh. Susanne
