

Stratego

Måleenheder

Matematik-stratego med måleenheder

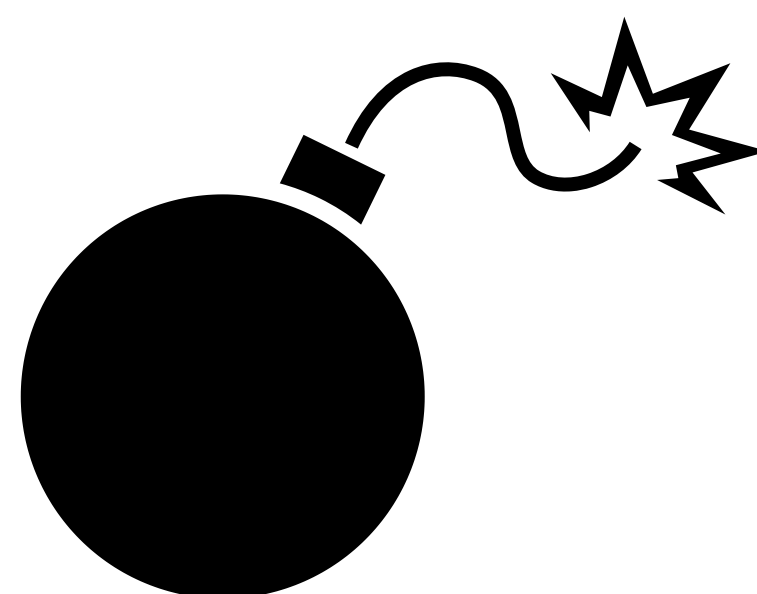

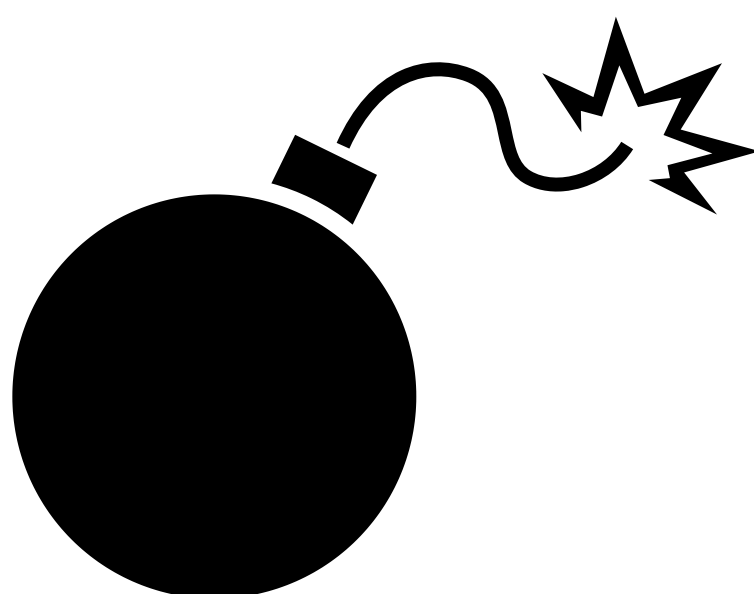

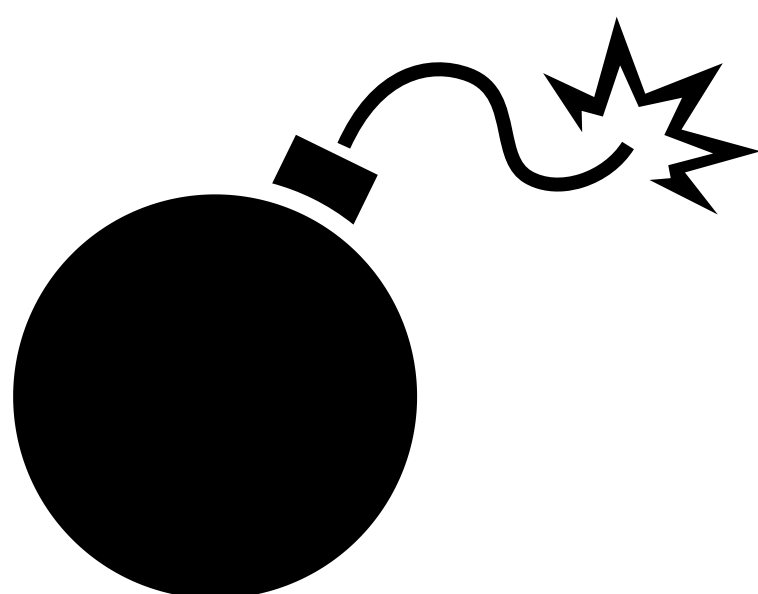

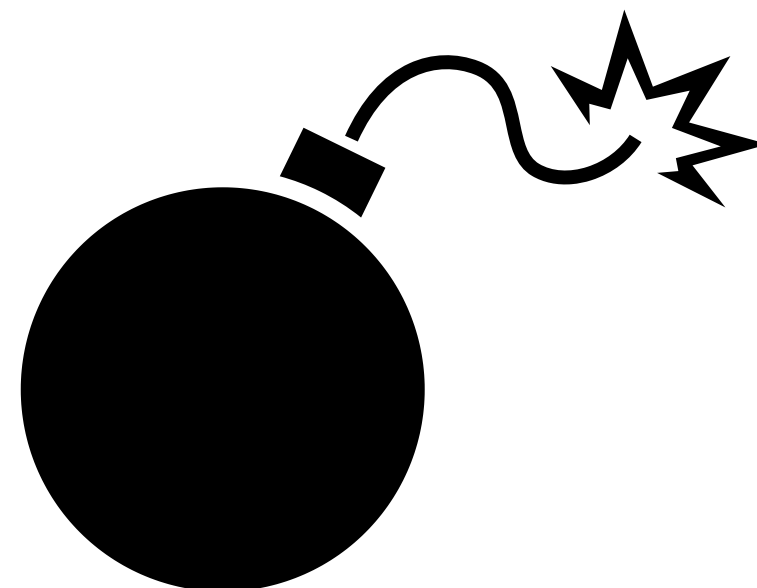

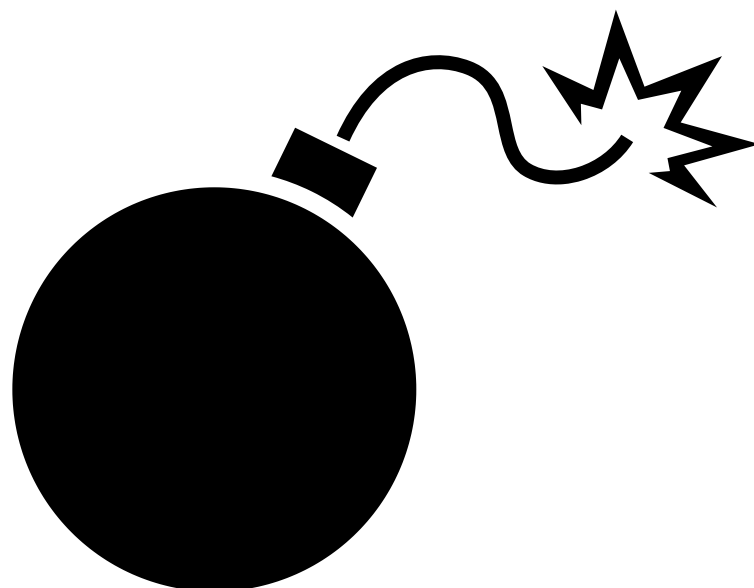

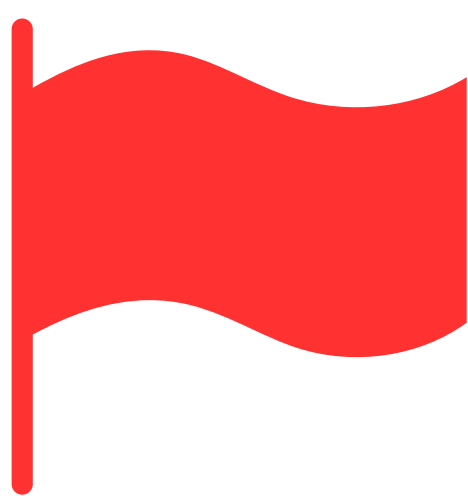

Regler:

- Det hold der først får fanget modstanderholdets flag har vundet.
- Eleverne bliver delt ind i to hold
- Eleverne tager alle sammen en kort, og løber derefter ud på banen og fanger en fra modstanderens hold
- Eleverne viser hinanden deres kort og fortæller samtidig hvilket korts mål, der er længst
- Den elev med det længste mål får modstanderens kort, og løber tilbage til sin base med kortet, derefter løber eleven ud på banen igen og fanger en ny (Eleven må ikke bytte sit kort)
- Den elev der mistede sit kort løber tilbage til sin base og tager en nyt kort, og løber derefter ud på banen igen, og fanger en fra modstanderens hold
- Har eleven et bombekort, dør begge elever, de bytter derfor kort, og løber tilbage til deres base med kortet, og tager en nyt
- **Bombekortet** kan godt angribe
- **Fanen** kan kun tages af et kort med et målebånd på
- **Målebåndskortet** kan kun dræbes af et kort med saks på (når saksen har taget et målebånd kan den ikke tage flere)
